Re: **EX PARTE**
ET Docket No. 95-18; IB Docket No. 99-81

Dear Ms. Salas:

On November 20, 2001, Gerry Salemmme, Larry Williams and the undersigned, representing New ICO Global Communications (Holdings) Ltd., met with Brian Tramont, senior advisor to Commissioner Kathleen Abernathy. The participants discussed the increasing need for global mobile satellite services (MSS) in light of the events of September 11, 2001, particularly in remote areas of the planet. The participants also had an extended discussion of the preferred policy for allowing 2 GHz MSS providers to aggregate spectrum. The discussion focused on the objectives of the anti trafficking rules and the Commission's approach to spectrum aggregation in the terrestrial wireless markets.

Pursuant to Section 1.1206(b) of the Commission's rules, one electronic copy of this letter is being submitted via the Commission's Electronic Comment Filing System for inclusion in the record in the above-captioned proceeding.

If you have any questions concerning this matter, please contact the undersigned.

Sincerely,

/s/ Cheryl A. Tritt
